

2018 *Minimus*  
**ZWEIGELT**  
JOHAN VINEYARD  
VAN DUZER CORRIDOR

We're loving the potential of this cultivar in the Willamette Valley! Grown at Johan Vineyards in the Van Duzer AVA, this fruit offers a rich, savory element to the vibrant cherry and violet profiles characteristic of the typically Austrian grape. Fermented 10% whole cluster for two weeks with regular cap management, then aged in a combination of stainless steel and neutral oak, this high-acid, low-alcohol red is drinkable anytime.

ALC.	11.7%
PH.	3.51
SOILS.	sedimentary
WHOLE CLUSTER.	10%
